

Reference for Ruth Davies.

Ruth has come on board many times at Phlash Worx to help us with all sorts of tasks around the studio. We are a large commercial photography studio based in Warwick and often need an extra pair of hands on our larger scale shoots, set building and even some design work. Every time Ruth has helped she has applied herself 100% to the tasks at hand. She has a keen attitude to learn and she has always been a great addition to the team. On our launch date Ruth was an integral part of the preparations - she designed posters and offers for the day plus helped with the general building work at the studio. On the launch day itself Ruth was there to help welcome people with a smile and was a great assistance. On shoots that she has worked on she watches with a very keen eye and after the shoot she asks many questions which continues to show her willingness to learn and get stuck in.

Kind Regards
Stephanie Branch
